Stony Brook University - SUNY
Long Island School Districts*

*New York Institute of Technology
St. John's University
College at Old Westbury- SUNY
Suffolk Community College
New York State Education Department*

Long Island Conference on Science, Health and Technology

(Fostering a culture of innovation and advanced learning on campus and beyond)

A two-day conference

featuring a keynote address by NASA, research papers by faculty and students, and poster sessions by students from middle school to college level.

For students

who have been involved in studies in science, health, technology, management and other programs, the conference presents an opportunity to learn about the advances in their respective fields and to present the results of their recent research work in poster sessions.

For faculty

who have helped students undertake studies in science, health, technology, management and other programs, the conference presents an opportunity to showcase the works of their students and to encourage them to explore broader opportunities available in research and graduate education.

For Schools / Colleges

which sponsor programs in science, health, technology, management and others, the conference will be a platform to promote the programs and to exhibit the accomplishments of participating students.

For Industry

which employs the graduates of the programs, the conference will present an opportunity to connect with future employees and to discuss the possibilities in seeking co-op and internship employment.

For the Public

the conference will demonstrate the role of the academic institutions and the sponsored programs in preparing students for careers in licensed professions.

Long Island Conference on Science, Health and Technology
(Conference Agenda)

April 17, 2008

10 AM –12.00 PM

*Research Paper Presentations by
Faculty and Students
(Roosevelt Hall – Room 111)*

12.00 PM Lunch

(Roosevelt Hall Room 109)

2.00 PM – 5.30 PM

*Research Paper Presentations by
Faculty and Students
(Roosevelt Hall – Room 111)*

Conference Venue:

Farmingdale State College
(Campus of the State University of New York)
Roosevelt Hall
2350 Broadhollow Road, Farmingdale, NY 11735
631-420-2310

Long Island Conference on Science, Health and Technology
(Conference Agenda)

April 18, 2008

9 AM – 9.30 AM
STEP / CSTEP Students Arrival / Registration

9.30 AM -10 AM
Poster set up by students

10.00 AM – 11. 30 AM
Poster Evaluations
Industry Presentations on Internship

11.30 AM – 12.15 PM
Keynote Presentation by NASA

12.15 PM – 12.45 PM
Award Presentations

12.45 PM – 1.30 PM
